AM: Ran a little, relieved congestion.

5 laps + 10 laps usual sets, plus 6 x 100.

PM: Went to the **Sunkist Meet** (in retrospect, I don't think it was wise).

This was the indoor mile where Judy & I were leading when Julie Brown made a move to the front. Problem being, she didn't cut back into lane one before the curve. Passing should always be completed on the straight-away. Still in lane two on the curve, she leaned right into Judy, causing them both to go down and sending me into a collision.

This is what I wrote: "Nearly lost my life, or at least my pride. I was tripped and flipped off the track before I knew what was happening. But finished in 5:03 anyway to Laszlo's satisfaction."
